## The 2021 Al-Anon Membership Survey Is Open

Calling all Al-Anon members with one day to 70 years in the program!

Concept Four states, "Participation is the key to harmony."

Your participation is needed to provide data-supported information to mental health professionals so that they might consider referring their clients to Al-Anon for support.

**This survey is open from June 16 to July 27, 2021.**

Participation is completely anonymous, and personally identifiable information is not required. The survey should only take about 10-15 minutes to complete on any internet-connected device.

The survey is available in English, Spanish, and French.

Visit [al-anon.org/member survey](https://al-anon.org/member_survey) to participate.

**CELEBRATING  
AL-ANON  
FAMILY GROUP'S**

On July 10th, 2021 at 2pm people from all over the world will be celebrating together “virtually” the remarkable 70-year history of Al-Anon Family Groups.

There are still 500 tickets available through a lottery system by registering on [survey.alchemer.com](https://survey.alchemer.com). One ticket can cover one group of people- it's like buying a table at an event. If you have a problem go to the [alanon.org](https://alanon.org) website and search for the event.
